Experience

Moodle Theme Developer | 01/2023 - 01/2026 | Salah Software

- Designed Moodle themes optimized for learning workflows, accessibility, and fast load times.
- Delivered marketplace-ready packages with structured SCSS and clear customization docs.

WordPress Plugin Developer | 01/2022 - 01/2026 | Salah Software

- Built plugins for client workflows and WP.org releases with security-first architecture.
- Maintained versioning, updates, and clean admin UX with support documentation.

WordPress Theme Developer | 01/2020 - 01/2026 | Salah Software

- Built ThemeForest-ready themes with flexible layouts, widget areas, and performance tuning.
- Coordinated design QA, documentation, and demo setup.

PHP Team Lead | 01/2024 - 01/2026 | Salah Software

- Led PHP team execution for Moodle and WordPress products.
- Standardized coding practices, improved collaboration, and ensured stable releases.

Web Design & Development Trainer | 01/2023 - 01/2026 | IT Training 4U

- Delivered hands-on training with real project briefs, code reviews, and portfolio guidance.
- Structured beginner-to-job-ready learning paths and practical outcomes.

WordPress Team Lead | 01/2024 - 01/2025 | Salah Software

- Led WordPress team delivering themes/plugins across WP and Moodle ecosystems.
- Managed planning, code review, and QA to hit release timelines.

Junior PHP Developer | 01/2019 - 01/2020 | Salah Software

- Delivered PHP modules, reusable CRUD utilities, and data-driven pages.
- Focused on clean code, validation, and smooth deployment handoffs.

Junior Frontend Developer | 01/2018 - 01/2019 | Salah Software

- Converted PSD to responsive HTML; built UI components with React.
- Improved interactivity using jQuery/vanilla JS; supported Node.js tooling.
- Ensured cross-browser consistency and UI quality.
